Position: Ultrasound Technician
Hours: Full-time, 40 hours/week
Salary: Commensurate with Education and Experience

Job Summary: *We are seeking a skilled and experienced Ultrasound Technician to join our tribal health clinic. As an Ultrasound Technician, you will play a crucial role in our diagnostic imaging team, utilizing advanced ultrasound technology to produce high-quality images of patients' internal organs and tissues. Your expertise will assist in the accurate diagnosis and treatment of various medical conditions, ensuring the highest standards of patient care and safety.*

Duties/Responsibilities:

- Perform ultrasound examinations to capture images of patients' internal organs and tissues for diagnostic purposes.
- Operate and maintain ultrasound equipment to ensure functionality and optimal image quality.
- Prepare patients for procedures, explaining the process and addressing any concerns or questions.
- Position patients correctly to obtain the best images and monitor their comfort and safety throughout the procedure.
- Analyze ultrasound images to identify normal and abnormal anatomy and document findings for interpretation by physicians.
- Collaborate with radiologists, physicians, and other healthcare professionals to discuss patient assessments and provide input on diagnostic decisions.
- Maintain patient records and ensure accuracy and confidentiality of all medical images and information.
- Follow protocols and safety measures to minimize risks and ensure compliance with healthcare regulations and standards.
- Other duties as assigned by supervisor/director.

Qualifications:

- Bachelor's degree in Diagnostic Medical Sonography or related field **PREFERRED.**
- Experience with specialized ultrasound procedures such as obstetric, vascular, or cardiac sonography **PREFERRED.**
- Familiarity with electronic medical records (EMR) systems **PREFERRED.**
- Proven experience as an Ultrasound Technician or Diagnostic Medical Sonographer.
- Certification in Diagnostic Medical Sonography (RDMS) or equivalent credentialing.
- Proficiency in operating ultrasound equipment and understanding various ultrasound techniques.
- Strong knowledge of human anatomy, physiology, and medical terminology.
- Excellent interpersonal and communication skills, with the ability to interact compassionately and professionally with patients.
- Attention to detail and ability to maintain accuracy in documentation and imaging procedures.
- Commitment to patient care, safety, and confidentiality.
